

#7013 Cam Snout Extension & Retainer Kit

This kit contains the following items:

- 1- 7/16" X 1.50" Flanged Bolt
- 1- Small Offset Key
- 1- Large Washer
- 1- Small Washer

Note: The enclosed bolt must be used in place of your stock cam bolt.

The parts assemble as shown in the exploded view to the left. Your fuel pump eccentric goes between the two thick washers and is shown here in as a ghost image.
